What people appreciate about me

I am passionate for both my family and job/individuals

Personally my boys simply say "you're my mom"

Professionally - I work with others as a team to ensure the best for our individuals

What is important to me

Professionally - to ensure that I do a good job and ensure the best for my individuals is carried through with and also getting the "non-field" work completed. Having a good relationship with my co-workers is also essential. Sense of humor is a MUST!

Personally - My family. I have 4 boys ages 15 (almost 16) - 21. I love their activities (2 in baseball, band, cross country, FFA, showing hogs at the fair - you name it). When not cleaning, cooking or laundry, I LOVE DC and Marvel movies. My family is sick of the amount of The Avengers I watch - many quotes come out of my mouth.

How to support me

Let me know what I'm doing well and let me know what I need to correct, one can only learn by making mistakes.

You can always distract me and get out of my head with humor or (of course) an Avengers reference.
